Being an
activist
is part
of my
identity

an
academic

But I am here, so
does that make me
an academic?

I wonder
if the
academics
here are
only active
within

"PROGRESSIVE"

Step out of the ivory tower.

Is summit hoping contributing
to social change?
Do you remember why you are
protesting?
Don't just consume the events.

where
are the
strategies
to
combat
these
things?

Even in this theoretical

important, it makes
it clearer what
we are up against

I suppose
it all comes
down to

I wonder
if all these great
