EUROPEAN EDUCATION FORUM AT THE CASA MEETING

Hello everybody,

Informelle Universität in Gründung

The Informal University in Foundation [IU] is an initiative from students of the Technical University Berlin and has emerged from the student protests during the wintersemester 2003/2004. We try to stimulate critical discussions about societal structures in general and from an architectural point of view; we are working on ideas concerning our working and social environment now and in the future.

Our contribution to the student protests was the action called "Aktive Verslummung - Berlin wird Weltstadt" ("active slumming - berlin becomes cosmopolitan"). Starting from the forecourt of the TU-Berlin at ... built in order to serve as ar
